209 DAYS PAST SATURDAY 157 TO COME

In Long Continued Illnesses

the restoration of normal function, the reinforcement of vitality, and the fortification of the power of resistance, are the important therapeutic indications. Pepto-Mangan (Gude) is not simply a temporary restorative, but also a real blood constructor, and thus assists absorption, assimilation and nutrition generally.

Weather

Very hot

Temp.

Maudie & I went to St. Thomas market, with honey & eggs. Eggs were selling at forty & fifty, honey at thirty to thirty in the sections. It rained hard between Orwell & the eighth. We did not happen to be in it. Maudie & Mellow have gone to Ayler. Drove Guy Co. Sanders horse. John has been drawing manure. Maudie 22.
