

while they were at it. I went over to the Monticelli's as soon as we finished playing down town and got Marj. to come over to tea. We didn't get over till about six o'clock so we had to stop at Aunt's & Miss M. Queen's for Marj. to say good-bye. She is going to the St. Catherine's Ridley College Summer school to-morrow on the two car. Dick went back to Toronto at four o'clock to-day, hoping to get his discharge to-morrow. We were rather late getting the chores done and the Millman family all came over in Ode's car just before tea. After tea I went to print some pictures so we all helped him but Marj. and I went home fairly early. It has been a very nice day & cool.

Monday June 30th

Dad. said I cultivated the mangels and potatoes in the field this morning and spent most of the afternoon hoeing in the old garden. Frank went down town this morning to see about getting ladders for the rack. He left the pattern down with Reynolds months ago but they have never been finished. Reynolds told him he told Emery to make them Saturday, but Emery hadn't showed up this morning. He thought he was having

Bert Thompson's car for tomorrow's parade. Frank mowed half of the field east of the orchard this afternoon. We have decided to leave the field back of the barn for alaska. I went down to hand practice to-night. Dick came in to Aunt's while I was there. He had just got in at eight o'clock and had his discharge in his pocket. He was a tickled boy. On my way home I stopped in and Aunt and Hazel Dunkin were there. Hazel was staying there all night. She had ridden down from Victoria this afternoon and was wearing riding breeches & puttees and looked like the devil.

Tuesday July 1st

I spent most of the morning polishing my horn and the rest of the family doing chores and getting ready for a picnic down at the beach. Dick went down fairly early with Dad. and George, Marion and Enah went down a little later driving Mexico. Frank and I went down at noon. We had a fine spread just below Sovereign's cottage but I couldn't stay long as they told me to be at the band room at one o'clock. I spent the rest of the day with the band. We played for an hour or so on the band stand and then went out for about half an hour on the
