336 DAYS PAST

Sunday

30 TO COME

September 23, 1906.

Dr. J. E. Hutchins, Ocoee, Tenn., says:

"Will say that I used the sample bottle of **Pepto-Mangan** in a case of Cholera Infantum, the anemia proving obstinate to all forms of iron medication. Under the administration of **Pepto-Mangan** the little patient rapidly improved, evidenced by increase in color and the marked gain in flesh and appetite."

I shaved but colder to night
Aunt Bell & Maudie went
to church & Lewis walked
down & they was here for
dinner. Belle, Doris &
Selma, was here this after-
noon & a trayed for tea
Beil was over this morning
& brought the bicycle
pump home.
