

Grant came over and Dick got him. Grant stayed to  
dinner but as it was raining or snowing or something he went home  
right after supper.

Wednesday November 1<sup>st</sup>  
It was very cold this morning and  
pretty chilly all day. We didn't do much  
this morning. About eleven o'clock  
we hooked up Joe and Genger &  
went down town after a few house-  
hold requisites. We were going to bring  
Aunt over with us to stay but she was  
looking after the place for Aunt Maude who  
had to be up at the store. Frank &  
Dick could not ride today so had their  
dinner at Stuby's. After dinner Dad & I  
went over to Cruise's sale and hung around  
till after four o'clock, without bidding on  
anything. They were only about half  
through when we left, selling the  
house stuff. When we came home  
Dad hooked up the team again and  
went down and got Aunt. I went  
to water old Harry and the big fox

Thursday November 2<sup>nd</sup>  
Dad and I were roaming about the house  
last night. Dad to fasten hanging doors as  
the wind was terrific then and I to see what  
Tiger was barking at. but it was too cold to  
bother although she kept up off and on for  
about half an hour. It froze very hard  
last night and has been cold with a little  
snow <sup>hitting every</sup> all day. Dad and I cleaned up over  
in the big barn this morning preparing for  
the threshers. This afternoon we cut  
quite a lot of wood and tidied up the old  
house a little and barricaded ~~all~~ the  
openings to keep any ordinary chicken out  
but two or three fowls in the shape of  
black minorca have got in despite  
all our pains. Then we worked around  
doing our chores ~~last~~ <sup>last</sup> ~~evening~~. Sam  
Law came to night and said he would  
be here about ten o'clock to morrow.  
It is very cold to night and will unless  
something very strange happens freeze like  
frost to night. More fun with Frank  
and his lessons after tea.  
Aunt is ~~in~~ <sup>in</sup> the ~~house~~ <sup>house</sup>.
