143 DAYS PAST

223 TO COME

The Resisting Power

of cell and tissue must be restored and revitalized if vital bankruptcy is to be prevented. **Pepto-Mangan (Gude)** furnishes, in readily available form, the material necessary to build up the structure of the red cells and to create hemoglobin, the important vitalizing agent of the circulating fluid.

Weather

Temp.

Rained last night - & all day Maude's went with Melba & stayed to Mrs. Leines all day took her music lesson. Her boy was on & Albert was here. A little doggie came along her this morning & we call her Sportie!
