

1920

Say Probales: Just finished before Charles arrived from Walkerton on late train. Cold night.

January 15 - Very cold day. Went down town in the
(Thursday) morning for meat. Then down to Charlie's
to see about trimming for dress and to
get some facts from Charlie for an
address for Mr. W. H. Brown who is to
be presented with a gold cane to
right at a banquet in the McDonald
House, the occasion being his retire-
ment for a time at least from
municipal life. Went to Litch's to see
about a sheaf of wheat to send down to
Stanley's. Came home and wrote
the address for Mr. Brown. Then went to
the office and did some work. (Mrs.
Pearce went home this morning to her
sister's wedding.) Got very cold at
night. Frostiest night yet. Snow is so
deep in front of post office that you
cannot see across the road. Must
be about 7 or 8 feet deep where it is
thrown up. Read paper etc., practised
for half an hour. Charles at the banquet.
