

Jul. 8.

July 8<sup>th</sup> 1892.  
Confused tonight is very close, mostly cloudy, and very sharp lightning in the east. (Latter) a wind suddenly sprang up out of the east and the wind thunder and lightning increased in its fury, until the whole earth seemed to shake and the hail and rain commenced as if the clouds had burst, and continued all night, commencing about 10:30 P.M.

Jul. 9.

Very warm and close all day. The sky was heavily clouded most all day. Light showers frequently, attended the Chorus Practice tonight for the first accompanied by Jas Handling & Mrs Harding.

Sunday  
Jul. 10.

July 10<sup>th</sup> 1892.  
Lovely clear and bright all day but very hot. Most uncomfortably warm we had a light fall of rain during the night, or early this morning. Attended the Sabbath School today and Church services tonight, a most beautiful moon light night. Rev Plumlett <sup>First Sermon</sup> Pastor.

Mon. 11.

Bright and clear all day, very hot. plenty of down milk this morning, but got along alright, cut the weeds around the factory, and cut the grass also of Mrs Dowson's lawn ground evening slightly hazy.

Jul 12

Lovious 12<sup>th</sup> a very hot day as usual for the twelfth Thermometer stood at 85<sup>o</sup> in the shade, very hot this evening.
