12 Jimmie Aggie and Jennie
Ballantyne were here this P.M.
Pa and I went to the bush
and sugared off a doiled
and sugared off 36 lbs.

Henry did not come over till
after dinner; he was skinning
muskrats and he went to the
corner for some shot.

13 He got 16 Muskrats today.
Raining a little in the A.M.
but turned off pleasant but
cloudy and cold. Rev R. Lock^{head}
preached today.

The water keeps raising
if it keeps coming up a few
day longer it will go over the
gate sill. The ice is not out but
a very little as yet.
