

Monday July 31st

Mr. Smith and his new man (Mr. Collins from Hamilton or some place) came this morning to put on the second coat and do the glazing. Emery and Bill both turned up too. They worked at the cement walk all day. Dick got up early this morning for a change and also to pick a bushel of hardest apples to sell to Ed. Moore. Daddy went down town with the big team and lay rack and got thirty more bags of cement and also took Dick and his apples down. He got the glass for the windows and Mr. Smith put them in. Dick went down town this afternoon and stayed all the afternoon. He brought a letter from Granddaddy saying he expected to see Frank here about September 1st. I did not do any thing in particular

Sept 21st to day. This morning I raked up the front of the front lawn and piled up the most in a heap to be burned. I cut some lawn and sawed a important little wood. Then I cleared up the broken glass and mowers that collection the broken glass and mowers that campaign Mr. Smith had made and worked in Canadian around the horse stable the day history as Harry and Harry Battersby about Dave's Reciprocity horse after this afternoon and Harry in the issue made out some insurance policy. Mrs. & Miss & in on were here to night. Bill thought to day he would keep away from town this week, but he is down to night just the same. We have the west side wall of the stable finished now and well started on the north end. It has been pretty hot to day. A thrashing out fit has just gone past. Parliament dissolved ^{on Saturday} the date of the new election are set. Nomination Sept 12th and polling
