WED. JAN. 5, 1898

Wea.

Another day has come
so I must be up and doing
as we must not be idle
After I got the boys off to
School and the work done
I cut out a pair of pants
for Lannie for School
I got a little sowed at them
but not much as I was late
in getting at them

THURSDAY 6

Wea.

I rose this morning and
made a fire and then got
breakfast; I then attended
to the work of the house
and then went to my sewing
In the afternoon W. Cole
and his daughter Aggie came
so I did not get any sewing
done.
