

Friday March 5th

I went out to get the load of hay we had on 4th day. We took it over to the 1st team for the cows. Then Dad & Frank went over to Tom's and got a load of straw, I just did chores and came home for dinner before they got back. They got home about one o'clock and we put it all in the horse stable. We didn't do anything else but chores as Dad wanted to get down early & Pinapple practice. I separated my fly mouth Rock hens from the Wyandotte & kept it as I think maybe I can get with the wanting eggs soon now, so it was a big risk when I got home. Mary told me that the band was going up to play at the final hockey match between Dover & the Lincoln baseball team, but they hadn't sent me word. They called up in a few minutes but I said I wouldn't have time to get there. They called up again and said they were short handed so I hurried and dressed a bit a bit of bread & jam and skidded across the pond to catch the car. The game was pretty one sided as Dover piled up a score of 10-8 but we all had a good time as Dover wins the cup. I came back across the pond and found Dad & Enoch here they had hoped to have a good Pinapple practice but half their crowd was at the match so they were peeved, naturally. Mary cooked some beefsteaks before we went to bed. Getting milder.

Saturday March 5th

I was late getting over to the farm this morning and spent most of the forenoon doing chores and making a trough for the chickens. When I got here Enoch had presented us with a fine white bull calf. Dad, Frank & I went over to Tom's this morning and got another big load of straw which we put off over the granary for the cows this afternoon. Frank went down town when we got it off and Dad & I just did chores. Enoch didn't feel well at all. Mary had the girls over sewing for the leather again this afternoon and as it was such a stormy night, three of them stayed to tea. Irene Peckford, Myrtle Greenway & Lilian Cook. Arthur & Bobby Peckford drove over after Irene before she got through supper and Stemon brought wraps over for the other girls when he came for the tennis meeting, he Jones, Nancy & Oliver came. It has been very mild & cloudy all day, began to rain about five.

Sunday March 6th

Mary and I went to church & Sunday school and went up for dinner and to spend the afternoon at the Bagleys. George & Mrs. Duncon were there too. Mr. Bagley was showing us the furniture he has been making which certainly looks fine. We were rather late getting home as we called in at Aunt's for a few minutes. Tonight Mark came in to see us on his way back from church. It has been very mild but inclined to rain. Colder to night.
