124 DAYS PAST

242 TO COME

CONVALESCENCE FROM PNEUMONIA.

The long weary "pull-up-hill" of the weakened convalescent from pneumonia is materially lessened by the administration of **Pepto-Mangan (Gude)** which assists nature to mount to the crest of the "Hill of Health." Mental depression, languor, and physical weakness disappear after a few weeks' treatment with this reconstructive and nerve invigorator.

cloudy, & a cold east east  
wind blowing, & to night  
it is snowing hard.  
Mums went to Aymer with  
Maudie, & now Louisa & Ellen  
has come to taken her home  
John Peters died last  
night, some of us has  
been ironing nearly all  
day, & she has been reading  
& cultivating  
nearly all day in the  
east seven acres Mariah 6
