

Took man and Beatha
 out to Church with me
 this morning, the weather
 being fine. Had two
 extra Easter Sunday
 services from six
 o'clock minutes. Stay-
 ed until after eve-
 ning service, there
 being nothing in par-
 ticular to call us
 home. Had dinner at
 Mr. Chingers, and
 tea after Sunday
 school at Mr. Hills.
 Enjoyed my visit with
 my friend Mattie who
 had just returned
 from a visit to Ow-
 en Sound, along with
 Mr. Hill who has been
 reading my book. Out of Mas-
 ses into delight, & I believe
 with profit to his soul.

Got the plough star-
 ted to day for the
 first, in the field
 North East of Olive barn.
 The ground was quite
 dry but very soft
 from much freezing
 but ploughed very
 well. Have had Joe
 letting off water
 from the back field
 most of the time.
 I have been getting
 ploughs fixed up
 besides doing a
 thousand odd one
 thousand things. There
 is some appearance
 of rain this evening
 I saw my old friend Miss
 Howell. Now Mrs Edy
 of Loudon at the kids
 to day, also Mrs Coff
