

I was to have taken the bus home in the lumber wagon
 but Frank who has worked all day in the old garden
 left the neck yoke & double trees out there I couldn't and
 as it was raining it didn't promise to be very pleasant
 walking, however it didn't rain hard so the four
 boys, Dick, Quint, Douglas, Ike & George Clark walked
 down and I drove Jess & Mary down in the buggy
 Geitha & Winnie stayed all night. There was an accident
 in town to night. It seems Earl Long was going home and
 being very drunk was yelling at the top of his voice and
 frightened Barwell's horse which was tethered in Bunny
 Mr. Mearns's yard and it ran over the engine bridge with
 the train after it, it got past that safely but when it got
 down to the station the chain that was on it caught and
 threw it so that it broke its leg, and Dave Waddle shot
 it. It has been fine and hot & dry but rather cloudy.

Friday June 30th

Soon after breakfast this morning we saddled
 & Belle and Geitha and I started off for our ride
 We went down to the mill and out to Edmond Englund
 corner then up to Chis Quambury's corner down the

This moon is straight up and down as the
 the Indian said that his powder horn in it.
 Quinity also says it is a dry moon but Dad says
 at the side.

side road to the Gravel and then to Barwell's and led
 Belle home. We had a nice ride but not a good
 one as he wouldn't travel up abreast of Belle and
 Belle was inclined to be a little mean, however
 Geitha said she enjoyed herself. I didn't get home
 till nearly noon. This afternoon I planted eighteen
 rows of turnips with Art Quambury's seed drill
 which he brought over this morning. Dad sowed
 clover seed on the garden and harrowed it well
 Frank spent the day picking strawberries but didn't
 have such a good day to day. To night I went down
 town to see Ray & Vernon. Ray came to night and Vernon
 last night. It has been sunny and hot to day.

Saturday July 1st

This has been a great day, the weather couldn't have
 been better, hot and fine just the kind to make people enjoy
 the lake, and Dover certainly celebrated although I
 saw very little of it. Dad and Cuah & the baby
 went down this morning and stayed to dinner and
 Dad had a great time visiting all the old boys and girls
 who came to Mrs. Smith's reunion Frank and I
