33 DAYS PAST

332 TO COME

"LaGrippe" Convalescence.

In the convalescent stage of La Grippe nothing will more quickly and certainly restore the strength and repair the blood than

Pepito-Manqan ("Gude")

the ideal hematinic and general tonic.

Weather

Fair & Cold

Temp.

30°

Killed the beef. Eugene took it and delivered it all. Mark helped to kill it. I took the girls to school, Eugene brought Nella home. Carl & Altaga Maudie & took her home with them. Washed to day. Got seven eggs good wheeling
