

Saturday April 19th

Cleaned out and disked all morning. Dad & Frank got out the drill and cleaned up some oats, then Dad came out and harrowed for a couple of hours before noon. We didn't get out very early after dinner owing to chores and things but Dad got sowed nearly all we have worked up and I harrowed after him. Frank & Ray Banister have been look nothing to get this afternoon. Frank went down to Harris after the butter and stayed quite awhile listening to the phonograph. We didn't get in till late to-night and didn't get through tea till about nine. I had a bath and went to bed. Aunty was down down all the afternoon. She had sown out at noon and our efforts to capture her were unsuccessful. Frank put some apples in her pen but she waited till we were all away before she ate them and then came out again. It froze last night and there has been a cold north wind all day very strong this afternoon quite sunny.

Saturday April 20th

Aunty & the boys went down to Sunday school and I came to church. Tila came over to dinner with us and is staying all night. This afternoon, Tila, Aunty and I went

back to the woods and got some wild flowers. Frank rode his bicycle out to the Shadys and he & Charlie rode out to town. Dick spent the afternoon with the girls down town. Dicky Smith came over to see Dad about pasturing a calf this summer, and Dad said he would. Uncle Wm. & Aunt Lucy also came over. Enah went down alone to church to-night. It froze quite hard last night and there has been a cold wind to-day.

Monday April 21st

We have been working on the land all day. I went out to disk this morning but the ground was so frozen for an hour or two that it did very little good. Dad took Joe & Ginger and went down town this morning and got the potatoes which came at last. When he got back he came out and harrowed the rest of the morning and all the afternoon. We are now cross disked & cross harrowed it and we think we will be able to sow to-morrow after noon. Sam Law came over at noon to borrow the drill and Vige came and got his roller. Mrs. McBrady was here washing to-day. Aunty went down to Hurley to-night to visit with her. She expects to leave for Toronto to-morrow night. Cold but sunny.
