

Dec 5th 1873

Friday Beautiful day.

Over to John Streets
helping put the roof
on his house.

There was a great deal
of damage done by the
wind yesterday.

The wind blew down a
lot of trees in our wood.

6 Pleasant day.

I was looking along the
creek for cedar to make
shingles. Charlotte went
down to Mr Ballantynes
in the afternoon and at 4 pm
came home with her and
staid for tea.

I went up to Joe Edmunds
and paid him \$10.00
for 8 1/2 bushels of wheat
at \$1.30 per bush.

Dec 7th 1873

Sunday Beautiful day.

Rev Mr Slater preached.

The S. School was targeted.

8 Henry and I went down back
of Mr Ballantynes on the
drowned land and got
some cedar to make shingles.
after that Henry went
out to Unionville to
see about a school.

He and I made and put
on about 150 shingles.

9 Soft day but pleasant.
made about 175 shingles
and finished shingling
the stable. Went to the
station for Henry, he did
not succeed. I got a letter
from Albert. The roads
are quite muddy after having
a foot of snow. J. Rose
