

March 30

Friday 30.

Raw east wind. Cold. Wind was so strong one could hardly face it. Sleet came; it also rained and froze. Melba and Harry stayed at Mrs. William's all night. They came back here in the forenoon. Osmond came out to-night. We played checkers and other games. Osmond went home early and Harry stayed all night.

Saturday 31.

A bright day; it thawed; wind changed to the west. Harry split so much wood that it made dad tired throwing it in. Mother and Dad went out to see Mrs. Appleford and then to see Aleta and Gene. They stayed there for dinner.
