

August, 1926

1 Sunday. Very sultry and showery. We went to S. School this morning and went up to Heidelberg and had our dinner at Emerson's. We were at Mabel Shaver's funeral this afternoon and had our supper at Shaver's and came home in a real downpour of rain.

2 Monday. Very sultry. Walter picked cherries and helped to pit them and we did up twenty-two sealers. Vernon & Aubrey filled in the old well in the back orchard.

3 Tuesday. Sultry & dreary. Walter helped Ella with the washing this morning. Vernon & Aubrey were deawing home rails from the pasture field.
