165 DAYS PAST

THURSDAY

201 TO COME

A Definite "Iron Lack"

in the blood renders normal oxygenation of the tissues impossible and the "give and take" of repair and waste is thus interfered with. **Pepto-Mangan (Gude)** supplies the necessary hemoglobin-producing material, in promptly assimilable form, in Anemic, Chlorotic and Marasmic conditions.

Weather

Temp.

Cold this morning then turned warmer. The night about mine it is raining. Albert was up with his cows on the road to night. Melba & I took Grandie to school then went down & got some cans of water, the chickens out of. Melba & I washed her white coat & two blankets & one quilt. Boyde now has a little white this afternoon & helped John cut thistles. Old Gus blind a hen
