Systemic Reconstruction

is the one essential therapeutic requirement in conditions characterized by general constitutional depression. This is especially true after Prostrating Infections. **Pepto-Mangan (Gude)** is a general restorative of marked efficiency, which acts pleasantly and certainly as a hematinic reconstituent.

A rainy day

John drew two loads of  
oats for Mr Boy. Mr Charles  
Marchant came & got Dorkens  
little calf. it had wavel  
trouble, or we would have realed  
it. Mr Thompson & Boyde were  
up cleaning up timothy seed  
Maudie & Grace sent to school  
Melba & I have been making  
lace & tating all our spare  
time.
