

to hotels along the Indian  
River next place was  
Titusville 5 mile north  
we crossed a wooden  
bridge here. over  $1\frac{1}{2}$  mile  
long. over the river, the  
water looked shallow  
only a few inches deep  
some places. then over  
a sand and coral road  
for about 15 mile so  
rough you could hardly  
sit in the car. we  
walked over the sand about  
100 yds to the ocean  
beach. took off our shoes  
and waded in the surf.  
the water was cool, but  
the sand was nice.  
back home the same road.  
120 mile in all.  
got home about 6 o'clock

Dec 29 th. Sunday. Fine.  
cool in the morning but  
warmer in the sun.  
went to the Auditorium  
and heard the Festival  
Choir sing carols etc.  
Dec 30 th. Left about 9:30 for  
Silver Springs, by way of  
Apopka. next place  
was Mt Dora then Eustis  
seems to be a lot of  
oranges grown there.  
the next place of any size  
is Belleview which was  
quite a place. from there  
to Ocala not much to  
see only vacant land  
mostly brush. there is  
a big lake near Eustis  
and I've counted 39 lake  
in all on the way there  
Ocala quite a nice
