Friday, April 10

101 DAYS PAST

265 TO COME

Dr. H. M. Dumble, Hood River, Oregon, says:

"I am much pleased with the bacteriological chart you sent me. It is as good as **Pepto-Mangan**—a preparation that I prescribe very extensively."

April 6, 1907.

Dr. Irving S. Bretz, Cleveland, Ohio, says:

"I used the sample bottle of **Pepto-Mangan (Gude)** you sent me and have prescribed it frequently since. In every case the results were highly satisfactory."

A fine day & warm  
enough for the bees to  
be out. Maudie went  
to Aylmer. John & Albert  
went & got a lot of  
Rhubarb roots. This afternoon  
Pa & Albert & I had  
scraped the side road  
Mella is better. Maudie  
has been fixing the flower  
garden & planted some Mad  
Ela & Eula Bentley <sup>several</sup> Mella  
5

Observations  
some birds
