

1883

1. Last week we took the bones of the potato house
and it showed a lot of the potatoes that were
lost of the house the potatoes were

2. at noon that we were 4 large that he helped me
I did some of the potatoes Don has
done no work yet he went to Genanaga with
Don & Don preached this morning

3. Don & Sam went nearly 5 bushel of peas on the
6 ridges and to the middle line I brought while
the women the ground drags well

4. Don is plowing on the ends of the middle field
they were lost & that they are not enough

5. finished plowing the end ridges and some
more 12 bushel of wheat on the north

6. Sam & the South end this afternoon and
Sam & Peter then a bushel on it he then placed
rather longer called a cultivated garden in bed

7. Don works at the garden & cultivating rolling and
dragging it better than it was we planted the ridge
next the fence with the last corn put it on drills

8. we planted 2 1/2 bushel of potatoes that is the first
the first we have planted in the garden I want to
what help
Don

9. Don & Sam preached this evening

10. Don plowed part of the field back of the
house & lost it long for the potatoes & some
back of the house he took the shovels for the potatoes

11. Don & I made some beds for potatoes and some
beds for the house I have means that finished the
some have means for the potatoes to the middle
line to the end of the ground back of the house for it
some are roots it is very nice for the potatoes

12. John & Sam & the Sharp in the house in room
for the potatoes and the potato ground some
in the house 1 1/2 bushel of the house, the potatoes

13. Don plowed back of the old house cultivated
some of the potatoes & cultivated the house some
