341 TO COME

Pepto-Mangan (Gude) is the only preparation of its kind, because:

1. There is no other preparation, official or non-official, which represents both iron and manganese in a neutral organic solution as true peptonates.

2. When taken into the stomach it undergoes no chemical change whatsoever and is ready for quick absorption and rapid infusion into the blood.

Pepto-Mangan (Gude) is of marked and certain value in all forms of anemia, chlorosis, rickets, amenorrhea, dysmenorrhea, neurasthenia, Bright's disease,—in fact, in all cases where there is blood impoverishment from whatever cause.
