

Mother's when walking but found no one
at home. Went to young People's meeting.
Found a good many older folks had
come to hear Charlie's address on "The League
of Nations - Canada's part". Very good
address and audience seemed to appreciate
it. Mr. McQueen was to come over after-
meeting but called at 9 - and at 9.30
and we were not home - meeting long
drawn out.

Tuesday Mild Spring temperature in the
Nov. 9th - morning but raining in the afternoon
and quite cool at night. Went to
and the belt of dress for Frances. Did
short-hand and French. Went down
town in the afternoon. Miss Pearce gave
notice yesterday that she is going to be
married and will leave on 8th -
December. Over 5-years in the office.
Will be hard to get anyone to take her
place. Mr. McQueen came over after-
tea and we played seven-up until
12 p.m.
