JULY FRIDAY 6 (187-178) 1923

fine and very warm today. I got up early and hoved in the Bank lot untill late breakfast I went down to Lyndhurst Station with Jim Simpson with a load of cheese we came around by Morton and brought the Glover Engine home with us around Village in afternoon. I hoed in Bank lot untill late tonight Nellie here alnight

SATURDAY 7 (188-177)

Very warm day I got early and went over and finished hilling up the potatoes in the Bank lot Nellie went up to Kingston on the Stage this morning I took some Soudan track down to Will Somervilles and went on to Morton and got the crank for the Glover Engine came back and went down with Ossie and we put up the scaffolding to the Barn in forenoon. Ossie and I tore off the old shingles and fixed the roof boards in afternoon Ossie brought me home tonight

JULY SUNDAY 8 (189-176) 1923

fine day I did not get up untill late we all went down to Geralds in the afternoon and stayed for supper came home and I did some writing in the evening

MONDAY 9 (190-175)

warm day but with a good breeze. I went over to Ossies in the morning and him and I put on the shingles on the Barn we worked untill quite late tonight rained a little in the evening.
