158 DAYS PAST

207 TO COME

Boils in Diabetes.

Boils in diabetics, when seen early, may often be aborted by rubbing in a 2 per cent. ointment of the yellow oxide of mercury in lanolin. Where they persist, tonics, vaccine, antiseptics, free drainage, and sometimes excision are valuable. After healing, bathing of parts several times daily for two weeks with an antiseptic solution may prevent further infection of the area.—*Med. Summary.*

Weather

Very warm

Temp.

The girls & I was home all day. Eugene went & took Mr. Closs over to his place in the morning. John was down to Mr. E. Thompsons until ^{fall} noon. Wilfred came up & brought Maude a butter by shed's wife was here for the evening. Maude was ill all day
