THURSDAY

110 TO COME

May 17, 1907.

Dr. Ellis Andrews Dale, Cleveland, Ohio, says:

"Permit me to report a case of pernicious anemia: Mrs. B. aet. 24, had been troubled for about four years. Had been on other iron preparations with no apparent relief. I placed her on **Pepto-Mangan (Gude)** April 23, at which time she weighed 120½ lbs., with marked deficiency of red blood  
Concluded on next page.

Time. George Davis & wife went to London fair. Maider & Audra came in from school & stayed for tea. Selma & Davis was here to stay all night. Jessie Marchant came & brought me two bags of corn. Herb was here for dinner. John was drawing manure.
