 The text today Gal 5<sup>th</sup> 16<sup>th</sup> The spirit here spoken of The third person of the Trinity  
 Spoken of in Gods word as the Spirit of God. The Spirit of Christ he came to do Christs  
 work. The Comforter (beautiful title) who will bring all things to your remembrance & sur-  
 round mysteries with a halo of light & glory. The Acts of the Apostles known by the early Church as the  
 Acts of the Holy Ghost. The author of rejoicing in the soul. He convinces of sin of righteousness & of judgement. The Author  
 of sanctification. The power against the Holy Spirit. Instance. He says said Jesus was under the influence of the Prince of Devils  
 when he cast out devils. They rejected the Holy Spirit so they had no spirit to strive with them therefore left to their fate
