

the hay Friday so Frank and I hauled a load of broken  
tiles and two loads of sand and put them in front of the  
cow stable door as there was an awful mud-hole there.  
Dad. cleaned the mud all out and we put the broken tiles  
in on the solid ground and the sand on top of them. The cows  
didn't appreciate the improvement much and we had an  
awful time making them go over it. Saturday was a  
fine day - and I went down about eight to get  
Huby. He came over and coked up all day. Dad. raked  
up hothouse fields which were down and we got the one all  
coked up by noon. We all four coked up till about four  
o'clock and then Dad. & I hauled in the one load which was  
left on the corner field. It was pretty dark so we hauled  
it in the old barn and will put it up over the granary. Huby  
& Frank coked up till dark but we had a lot of trouble with  
the cattle. We had to put Bluck after them to make them  
go in and he chased Snow drop over the barn yard  
fence. He hit on her head and turned a beautiful  
summer sault. We could not get John it at all so she  
didn't get milked to night. I drove Huby & Lela home  
to night and brought Cuah back. Poor John R. Davis  
died very suddenly this evening, he had a sort of stroke  
over on the hawking green and died in a few hours.

Sunday Dick, Frank and I went for a swim and  
Frank went from there to Sunday school. Dick and I came  
home but drove down to church with Cuah. This afternoon  
Mary and I went for a drive and I stayed down at the Bayley's  
to tea. Mary and I went to church but as we were about  
ten minutes late we didn't go in but went for a walk and then  
up to see Glad. Law to tell her about the visit we paid the Prestons  
this afternoon. Monday was a fine day although it looked  
very rainy all day. Dad. Frank and I coked up in the field  
north of the orchard till about ten o'clock and then Huby came  
over, he had been up to see Harry Conley about getting the  
Customs House job in John R. Davis' place. Harry said they  
would do all they could for him and are going to get out  
a petition to be signed by all the conservative voters they can  
Huby and Frank coked up the rest of the day and finished  
by to night. Dad. & I hauled in and got in three loads.  
After tea I went down and got Mary and drove her to Simons  
to get C.P.R. tickets for herself and Mrs. Bayley. She is going  
to the sea & Mrs. Bayley out to Saskatchewan. We went to the  
show up there and got home a little after twelve. We had  
a lovely time. Dad. rode Belle out to Jim. Waddles  
to get his influence in getting Huby the job but Jim  
said he had applied for it himself. Tuesday
