354 DAYS PAST

THURSDAY 12 TO COME

EXSANGUINATION.

Loss of blood through accident, hemorrhage, surgical operation, or other cause, may be quickly and successfully combated by the administration of **Pepto-Mangan (Gude)** which rapidly builds new blood, increasing the number of red corpuscles and amount of hemoglobin, and acts as a stimulating nutrient tonic and reconstructive.

Being an organic preparation of iron and manganese, neutral in reaction, **Pepto-Mangan** is readily borne by the weakest stomach.

Thawed Manolis & Nella
went to school, John drew
manure all day, Eugene
& Leighton Duce were
over. Eugene came for
Skins Bossey. Nella went
out to the Christmas entertain-
ment in the Baptist Church.
