239 DAYS PAST

126 TO COME

A Physiologic Emmenagogue.

The rational method of restoring the menstrual flow, in cases of suppression or irregularity, is to overcome the chlor-anemic state which is the usual operative factor. Pepto-Mangan (Gude) is, in this sense, a physiologic emmenagogue, as it re-establishes menstruation without exciting or irritating the generative system.

Weather

Temp.

Cold John & Mary had all the morning until noon Mr Young raked the barley field & Joe mowed with a scythe the mowed oats, after dinner they drew in the ravings & then cut oats with the mowing machine in the old orchard didn't get them all done. My wife & I went to Cy Limer for the mail. John killed two old Nettie's fox. Her look, she had look and so cold have had to keep the horses in for several nights Mariah &
