301 DAYS PAST

SUNDAY

65 TO COME

The Needed Material.

Proper building material is necessary to initiate a construction and reconstruction of the vital fluid in cases of general depletion from whatever cause. **Pepto-Mangan (Gude)**, by furnishing material eligible and acceptable in form, revives the circulation and reconstructs the bodily tissues generally.

Weather

Temp.

cloudy, & windy,
heavy dew almost like rain
Melba & I went down to see
Ed Thompsons a little
while this afternoon. The
& Boyde went away to her
mother's. we stayed a little
while then came home
So my little Maudie & I
went over to her leavers. Conlan
& Powers was there. No church
on account of the influenza
