Dads hip has been very lame all day. This morning he ploughed the pieces back of the old house which we are going to try to put in a garden next year, as it is no good at all when it is and in love with I clend up a little around the yard. Dadd got through about noon. After dinner it began to rain and rained like cats and dogs" all the afternoon. I read "The Old Curiosity Shop" all afternoon and Daddy wrote to Aunty. About half past three he soaked up the little team and got Dick and Frank. He got the cows and he was all wet and I helped milk. He got the lock of the trunk and have warped so much at open today. I went to sleep reading to night but they woke me up to play "P.H.", I got even on them by winning two games.
