

house on a pile of salt in sack,  
while I was there a wedding party  
drove in to go out on the 3.20  
the happy couple being Will Mc  
Feily and Olive Long.

Then Johnny Walker came along  
and I delivered my message and  
he said he would come around  
about four o'clock.

I walked around a while and  
then went back, on my way went  
through Mrs. J. S. Allen's new  
house which is pretty nice. Then  
went into Mrs. Jacques which is  
nice too but not like Mrs. Allen's.

When I got to the house I heard  
the agent from Simcoe of the Inter-  
national Harvesting Co. try for about  
half an hour to sell Dad a mowing  
spreader or other implement but he  
failed. By that time Johnny Walker  
was there. Cruise came around and  
Daddy paid him for the road work.

Daddy and I went over on the road and  
Enak rode per wheel over.

After tea I partly milked Bubby  
and carried the stuff <sup>we brought over from town.</sup> into the house.

It was very misty and damp early  
this morning but got finer afterwards  
although cloudy all day.

Bill and Baby went down town  
after tea. Bill said they were going to  
a ball that Bill Barlow was giving for  
a fare well but I guess they did not.  
For Bill got home before midnight.  
Bill Barlow has left Bagley and Miller's  
and is going to work in Leab  
pickling factory in Simcoe.
