

Thurs 9<sup>th</sup>. Wash. with Nellie, Edith & I down  
to Rock View about 9 mls. distant from Cape  
Town to visit Mr. Stonehouse's. We passed  
W. Hambro, Excelsior, and then  
to see Hopkins Falls. Got at Stonehouse  
about 11 A.M. Miss is a young looking  
woman. I took her to be an elder  
sister to her daughters of which there  
were three. Mother (the best) is a young widow  
then Mrs Green who was visiting at home  
to day lives near home on a farm - she  
had her two children with her a baby & a  
little boy. Then Betitia the youngest girl  
has been attending the Common School  
in Hamilton - She promised to send me  
her cabinet. Then Johnny the youngest  
and only son had been <sup>Hamilton</sup> ~~in~~ market  
with his father who is a butcher and  
came home before dinner. We all went  
over to a point in the mountain where  
we had a beautiful view of Hamilton  
bay & beach through the trees.
