

February Saturday 27 1926

Bobbie drove the team on the milk route for me so we made good time even if we were pretty tired. Just got to sleep at night when Al called me and asked me to help him doctor "Daisy" the sick cow, but I was soon in bed again and sound asleep.

Sunday 28

Bobbie helped me on the milk route again. Went to sleep when I drove him up home at night. Had a nice time when I spent the evening with Jean and saw the last of February and the beginning of March.

Wednesday 3

Roscoe was down at Bendmore helping unload a car of hay so we both walked into a party at Eleanor's at night. Had a nice time and walked home as far as Benilla's with Jean.
