283 DAYS PAST

83 TO COME

**The Crucial Test**

of the efficiency of any hematinic is the increase of red cells and augmentation of hemoglobin. In the absence of serious organic complications incompatible with prompt recovery, **Pepto-Mangan (Gude)** always successfully meets this crucial test and is always "equal to the test," as demonstrated by the periodic blood count.

Weather.

Temp.

Rainy & cold

Girls washed, managed to get the clothes dry, John & I went to Kingmill got a barrel of salt, I got new shoes & rubbers. Go

March 3 miles
