Apr 7th 1893.

Fri. 7. This morning was dismal and a strong south wind blowing, being with it a heavy snow storm lasting all the forenoon, and turning to mist in the afternoon, with wind still blowing to night brought the Vet Pair up from John Harding's, to get in readiness for the opening of the season at 9:30 P.M. a thunder and lightening storm visited us, with but little rain although the peals of thunder and flashes of lightning were very startling.

Sat. 8. Dull looking partly clearing off but misting most of the day. Disturbance in thunder could be heard. I was in Kingston arranging for my supplies at St. Murphy's. Spent the evening at Mr. Tompkins. Snow all disappeared tonight, not a trace to be seen.
