

from Boston we went
north about 5 miles to
Lakeside. had our dinner
in the Auto Camp. there
is a pond there with
a lot of ducks in. the
scenery around here was
fine. Hills in all directions
we wanted to come back
a different road but it
was under repairs to
Santee. came back a few
miles on another road but
missed Santee. bought some
orange at a road side stand
2 doz for 45¢ the best we
have had yet. arrived
home about five.

Jan 15th. Saturday. did not
go out until late. just
drove down the canyon
road through Balboa Park
it goes down through
the Park and under the
big bridge it seems awful
high from the bottom.
the side of the road
as the hills are covered
mostly with evergreen
trees. fir, cypress and
all kinds of pines. the
best joke of all is about
the Torrey pines. there
was one whole block
acres of them here.
