FEBRUARY SUNDAY 4 (35-330) 1923

very cold day we did not get up untill late around home all day I wrote some letters in the afternoon and did some working in the evening.

MONDAY 5 (36-329)

fine but very cold around Village all day I put in a new packing on Bob Webbs Engine in the forenoon and pumped up the pressure in the afternoon I went up to Odd Fellows Hall in the evening to here the new Radio. I was up there untill late tonight.

FEBRUARY TUESDAY 6 (37-328) 1923

fine but very cold around Village all day I was over to Jim Simpson store most of the forenoon Will Monoughan and I got out the old Ice saw in afternoon and started to rig it up. over to Office in the evening.

WEDNESDAY 7 (38-327)

fine day but a little milder Will Monoughan and I worked nearly all day fixing up the ice sawing machine over to Office in the evening
