13 DAYS PAST

352 TO COME

The Old Traditional Forms of Iron

exhibit the disadvantages of astringent and metallic taste, irritation of the gastric mucosa, corrosion of the teeth, and constipating action. **Pepto-Mangan (Gude)** is distinctly devoid of these disadvantages and may be administered to patients of all ages without fear of disturbing the digestion or creating aversion.

Weather

A fine day

Temp.

but the night was a cold
south west wind. I came
home to night. Maude
Thompson, came to her
mother to night - a came
home with the girls.
I came home in the
evening, road home
with Maule & Berced a
