

February Wednesday 3 1926

Went to bed at 1.15. Felt pretty good when I got up after four hours sleep but my legs were pretty tired when I got home from the milk route. Received some nice compliments about Jean.

Thursday 4

Light fall of snow during the night made the sleigh run better. Lovely winter day. Had a busy afternoon bottling up first can of milk we received from Percy VanSickle. Had a chat with Jean and retired early.

Friday 5

Walked to town at night where I met Jack, Ron, and Jean and we saw Harold Lloyd in "The Freshman" at the Capitol. Some pictures and we had a good laugh. High School Commencement also. Paris had a party that night.

February Saturday 6 1926

Alex was on the sick list so it kept Tom, Earl, and I busy doing chores in his absence. Until Tom went to town but went to bed early.

Sunday 7

Home from town and had my bottles all washed up and ready for dinner at 1.20. Mrs and Miss Roy Kelly and Grandma and Grandpa Williamson were here for dinner. Helped with chores at night and then went up to Jean's for tea where I had a very nice time.

Monday 8

Paris held Pat Colborne to a tie of four all in game at the post. As usual a busy day for me on Monday.
