

Tuesday. I went up and had a hair cut after dinner and as I had to get some stuff at Bill Hain's I was a long time getting started for home. We called in at the farm for our pig's knees which Dad. had out of pickle and by the time we got home it was getting on for six o'clock. I went back with the wagon to the Lampkins and found that Mrs. Lampkins had milked two of the cows with one hand but I milked the new cow out and helped Dave feed up. It was long after dark when I got my own chores all done up. Tom didn't show up to help for some reason. He was helping Harry Evans cut some apple trees down to day and I suppose was late himself and thought I would be home. Friday

Wednesday March 30th

Didn't do much this fore noon as it was raining but this after noon Tom came over with the team and we hauled the two skids we cut out of the woods and down to the chicken pen. About four we drove down town and got a couple of 12" tiles to put at the end of the lane on the road and we got Tom's wall paper at the express office.

Thursday March 31st

Tom brought the plough over here this morning and got started to plough the side hill on the new place next to Wither's Sheds. He couldn't get across the creek with the team so came around and took the fence down between the little orchard & the gully and also the line fence, just enough of it to get them off with the team. Mary went over to comb Mrs. Lampkins' hair for her and so I took the kids out to where Tom was ploughing and they had a grand romp all fore noon. I spent the morning pruning one of the little Spy trees in the little orchard and got a surprising amount of wood out of it. This after noon I took the team & ploughed for awhile, and Tom filled in a washed out ditch on the hill with the shovel so that he could get the team across. I also pruned another tree. Beautiful day.

Friday April 1st

Tom got a good fore noon's ploughing in and left the team here at noon intending to plough this after noon but it snowed all the after noon and turned out a horrible day so he didn't come back but helped his wife get started to paper one of their rooms. Mary
