231 DAYS PAST

135 TO COME

Attack the Operative Cause.

Chronic disorders, whether nervous, digestive or circulatory, are frequently anemic in origin. This fact is realized and its importance appreciated by the observant clinician. **Pepto-Mangan (Gude)**, by attacking the operative cause of existing pathologic conditions, places the organism in position to resume normal functioning.

Weather

Fine & hot.

Temp.

Did a large washing in forenoon.
Maude went alone to town in the
afternoon to get some barley ground for
calves. Received a letter from mother. Dr.
Pickering was here in forenoon & went
from here to Eugene's. Papa hired Mr. Young
to thrash for him at Clarence Cox's &
Clarence & Skimmers, when he got through
which was after dinner he came back here,
helped papa the remainder of the
afternoon, stayed for tea & helped milk
Maude Practised $1\frac{3}{4}$ hours after
supper & ~~Maude~~ practiced after dinner.
Warrah 5 miles.
