

Saturday August 12th

Emerg Dick and I worked at the stable to ~~rough~~ all day, and got the stalls pretty well boarded up. We had quite a time foraging for boards. Daddy took Joe and Ovington and rolled some of the cow heat ground and then Nysse came over to ask him to go over to help him bring in his oats (this afternoon so Daddy came up before noon and put the sack on the wagon. Ret. Brown was here with a lame horse and a medicine agent trying to sell us some wonder compound which would cure any thing in the shape of aches or pain warranted not to ~~rip~~ tear us and turn up at the toes etc etc. He was not very persistent though. Dad was gone all the afternoon Nysse had three teams and six men in the field and got all his oats in. Evan went down and stayed till tea. Dick and I both went down

Sunday August 13th

Got up very late this morning and Daddy did all the chores. Went down to church and Sunday school as usual and stayed to Stubby's for dinner. Daddy and Cudah came ~~down~~ but did not stay. Stubby and Dave drove the latter home ~~over here~~ and I hung around up at Waddie with Stagen all the afternoon and had tea at Stubby's and Quint and I went to church.

After church I hung around the pier about an hour and then came home. I saw Dick going home just at Allan's corner. Mack Mc Bain drove me over as far as Woodson's. I picked Leg up at Nysse's. When I got home I found Dick all alone and a note on the table saying the family had gone down to Uncle Ward's to tea. We fooled around a while. Pretty hot the day and then went to bed before the folks got home.
