58 DAYS PAST

308 TO COME

Typhoid
Diphtheria
Pneumonia
Surgical

Convalescence

In convalescence after infectious or wasting diseases, surgical operations, etc., **Pepto-Mangan (Gude)** exerts a strong, beneficial influence because it builds up the strength of the patient, increases the appetite and stimulates digestion, owing to its powerful reconstituent and blood-forming properties.

A fine warm day, the
snow is all gone in patches
Girls drove to school. John
went to Kingmill this
morning for his oats but they
wasn't grinding. This after
noon, Bert Mark was up in
the cheese meeting. Sheel
went to Michigan with Mr
Gray.
