68 DAYS PAST

297 TO COME

Indications for Operation in Chronic Disease of Middle Ear—(Concluded).

5. If there is polypus or a bulging membrane, with a perforation draining the cavity.
6. If there is increasing deafness, giddiness, or permanently blocked Eustachian drainage.
7. If the discharge is foul smelling or abundant in spite of the use of drops.
8. If there is a facial paralysis on that side.
9. Optic neuritis, fits, mental derangement.
10. Evidences of tubercle or diphtheria in the discharge (microscope) may demand a radical operation.—Leslie.

Weather

Took the girls to school. Temp. 6 below
Eugene went for them. He
washed. Maude Thompson
& Boyde came home from
St. Thomas. Had a letter
from Auntie Teeple. Old Am
went away this morning.
Girls drove themselves to school.
Took Ad. pet. away. John & Eugene
van Wagener cow had a calf.
John was down to O. L. Learn's
Bill & Nydia & Billy &.
