coming up road. Alf's buggy came  
behind us with another fellow in, he  
yelled out would we have a ride. &  
I said are you coming in & he said  
all right so they drove on ahead of us  
we stopped to talk to Arch & on came  
& Manda, he wanted us to walk home  
with him & he would drive us back  
again, he said it just because  
he knew we wouldn't for he saw  
the buggy turn in, the fellow turned  
out to be Joe Trace, we had a sing  
in parlor, we had a fire on, sat  
& talked awhile & they went home  
before 9 o'clk. Alf said he did not
